DAY 2: ISFJORDEN CRUISE AND RUSSIAN SETTLEMENT

In the morning, board a cruise ship for an exciting 9-10 hour expedition cruise in Isfjorden (the Ice Fjord). Crossing the fjord, we approach the impressive Esmark glacier in the Bay of Ymir as we enjoy a tasty lunch. We then make our way towards the old Russian mining settlement of Barentsburg, where we are welcomed and entertained by a local guide. After learning about the history and daily life of this little slice of Russia, you have some free time to explore or relax before returning to the ship. On our way back to Longyearbyen, we stop by the deserted Russian settlements in Coles Bay and Grumant. This tour also offers birdwatchers an excellent opportunity to view thousands of breeding birds at the magnificent cliffs of Fuglefjellet. Later, the ship returns to Longyearbyen, where you can enjoy dinner at a restaurant of your choice.

Spend the night in Longyearbyen.

DAY 4: HUSKY SAFARI ON WHEELS & DEPARTURE

Before you say goodbye, you have time for one more Arctic activity—a husky safari on wheels! In the morning, your guide picks you up and takes you to the kennel at the Trapper's Station in Bolterdalen, where around 90 cheerful Alaskan huskies eagerly wait for you to take them for a run. After a short lesson on the principles of “mushing”, it's your turn to harness your team of huskies and go for a ride. After the tour, you are returned to town with time to freshen up before your departure. In the afternoon, take the shuttle bus to Longyear Airport

for your return flight to Oslo, from where you will continue to your final destination.
